Four score and twenty-six thousand cokes ago, when we started this yearbook, an idea was born. A group of individuals came together, each with different ideas but a common goal. It wasn't an easy task, there were times when it was a hassle. We strove through runs-ins with "Killers" and "Joe Photos" and a pitiful lack of funds. We tried to create something that would do justice to you; a book to spark a memory, induce a little laughter. Can anyone ask more? Should anyone expect as much? Certainly and we've delivered! And if we could we'd do it all over again.

MOUNT SAINT JOSEPH ACADEMY
RUTLAND - VERMONT 05701

To The Class of '75:

Society is facing many new and serious problems as you graduate from high school this year. I am proud of you and have an abiding confidence that you will make a distinctive contribution to our society.

As I share the happiness of your graduation with you, it is my prayer that God continue to bless you, that the Holy Spirit guide you, and that Christ serve as your model throughout your lives.

Sincerely,

Father John O'Connell

The Freshmen, now in high school, are students newly born.
Their season is the autumn
With fallen leaves and ripened corn.
They are a young and sprightly group.
Often restless, sometimes wild.
So much like a spoiled child.
But they quickly grow and learn,
And they too will have their turn.
But now's a time for fun
For their day is yet to come.

Sophomores frolic through the year
With mittens, hats, and frosty cheer.
A group insane, yet quite unique
As snowflakes mount a separate peak
Packing memories we'll all remember-
The gliding hills of brisk December,
Then comes the day when icicles weep,
On to spring and away we'll leap!

Juniors getting restless-
Because you see they know
It won't be very long now,
Until they run the show.
They're getting kind of flashy
Each doing his own thing,
They're gonna make their mark now-
For soon they will be King.

O to make the most jubilant song!
Full of music-full of manhood, womanhood, infancy!
Full of common employments-full of grain and trees.

O for the voices of animals-O for the swiftness and balance of fishes!

O for the dropping of raindrops in a song!

O for the sunshine and motion of waves in a song!

O the joy of my spirit-it is uncaged-it darts like lightning!

It is not enough to have this globe or a certain time,
I will have thousands of globes and all time.
